

DUCTMATE®

is proud to present the

REPEATER

PRO

Ductmate Industries proudly presents the Repeater PRO. This pneumatic fastener has been meticulously designed and tested, and is the clear choice for fastening slide-on flange to ductwork. Don't let this lightweight, safe, and easy-to-use model fool you. The Repeater PRO packs a serious punch — able to drive fasteners through a variety of specialty metals. Once you try it, you'll wonder what you ever did without it.

Advantages of the Repeater PRO over the old Repeater:

- **Lighter**
Drive more fasteners without fatigue!
- **Sequential Trigger Mechanism**
Ensures accurate, safe fastener placement
- **On-Tool Air Regulator**
Adjust air pressure with a dial on tool — no need to change the pressure from the air line!

TOOL SPECIFICATIONS

WEIGHT	12.5 lbs
RECOMMENDED OPERATING PRESSURE	80 to 120 p.s.i. (5.5 to 8 bar)
AIR CONSUMPTION	Approx 2 c.f.m at 110 p.s.i. (7.5 bar) operating pressure

FASTENER SPECIFICATIONS

FASTENER LENGTH	3/4" (19mm)
SHANK DIAMETER	.100" (2.5 mm)
SHANK TYPE	Helical, GripShank®
